

## **Director of Engineering and Municipal Works**

The Town of Gander, recently declared the 10<sup>th</sup> Best Place to live in Canada, is seeking a Director of Engineering and Municipal Works. The Town of Gander is a relatively young town and is located in the central part of the island of Newfoundland. It has a population of approximately 10,000, attractive housing, boating, cross country skiing, a 18-hole golf course, excellent snowmobiling trails, modern health and education facilities, which make Gander an ideal place to live and work.

Reporting to the Town Manager, the Director is responsible for overseeing all Engineering Services, capital works design and construction, road improvements, maintenance and operations of facilities and equipment, water, sewer and solid waste facilities. The incumbent will effectively manage operating and capital budgets, develop and implement department policies and procedures and lead capital projects. The Director will provide strategic advice to Council and work closely with Town partners and stakeholders and maintain effective working relationships with Council, department staff and other employees.

The incumbent will possess progressive experience in effectively managing Engineering and Public Works, preferably with a Degree in Civil or Municipal Engineering and working knowledge of Project Management and Municipal Codes and Regulations. Qualified candidates must also possess excellent communication, interpersonal and team leadership skills. The Town of Gander offers a competitive salary and benefits.
