

**Municipal Construction Inspector
(Full-Time/Temporary)**

The Town of Gander has a temporary position available for Municipal Construction Inspector. The position will be for the 2007 construction season and will provide various inspection services for construction projects within the Town of Gander. The individual will primarily be responsible for ensuring Street Improvement Programs are in compliance with municipal regulations and the Municipal Master Roads, Water and Sewer Specifications.

Qualifications:

The position will require extensive knowledge of construction operations. This background is typically acquired through:

- Civil Engineering Technology Program at an accredited training facility;
- 5 years experience in construction inspections (preference will be given to individuals with experience in a municipal environment).

Applicants with equivalent combination of experience and training will be evaluated.

Interested candidates are invited to submit an application to the following contact no later than 4:30 p.m. Friday, Aug. 3, 2007.
