**GENERAL INFORMATION**

---

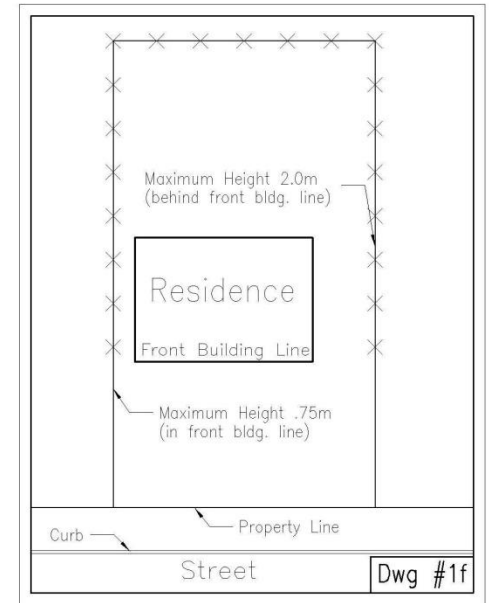

1. No fence shall be erected, replaced or repaired within the boundaries of the Town, unless a permit for the construction has been issued by the Town.
2. No fence in excess of 75 cm (29.5 inches) in height shall be permitted from the front building line forward to the front boundary of any residential property. (See Drawing #1F)
3. No fence in excess of 2.0 metres (79 inches) in height shall be permitted from the front building line back to the rear boundary of any residential property. (See Drawing #1F)

In non-residential areas (Commercial General, Commercial Light Industrial, Industrial General & Open Space Recreation zones only) non-screened chain link fences may be permitted up to 3.05 metres in height at the discretion of Council.

4. Properties located on corner lots adjacent to a traffic controlled intersection must meet the requirements of the TAC (Transportation Association of Canada) standard for sight lines and will be investigated and dealt with on a case by case basis.

On dead end streets proposed for future development, fences may be located in front of the front building line on a temporary basis until development proceeds, providing there are no objections from the immediate neighbours.

5. All fences within the boundary of the Town shall be maintained to the satisfaction of the Council and where a fence is, in the opinion of the Council, in need of maintenance, the Council shall so inform the owners or occupiers by registered letter. The requested maintenance shall be done by a specified period as outlined in the letter, normally ten (10) days.
6. Care shall be taken when constructing fences on or near buried lines.
7. All fences shall be securely anchored to the ground.
