

# FoodCycler™

## THE IN-HOME FOOD WASTE DIVERSION SOLUTION

Join your municipality in tackling food waste by piloting FoodCycler™ technology in your home. Support your municipality by testing this innovative technology!

## Why should I participate?

Did you know that up to 50% of household waste is composed of food waste? By helping your municipality address food waste, you are supporting your community's environmental initiatives, while reducing your carbon footprint.

## What is required of me?

Not much! Purchase a FoodCycler™ from your municipality at a subsidized cost, track your use once a week for 12 weeks and complete a total of three surveys over a period of 36 weeks. **Please note:** You may be asked to continue tracking your use beyond the initial 12 weeks.

## Pilot Project Timeline

OCTOBER 2024 - JUNE 2025 (36 WEEKS)

### PURCHASE YOUR UNIT

FoodCycler™ FC-30: \$150 CAD (+ tax)  
FoodCycler™ Eco 3: \$200 CAD (+ tax)  
FoodCycler™ Eco 5: \$300 CAD (+ tax)

### PILOT DURATION

Divert your food waste using the FoodCycler™ for 12-weeks. Track the amount of waste you divert with a tracking sheet (to be provided to you by the municipality).

### END DATE

Complete a total of three surveys at the 12-week, 24-week, and 36-week marks to share your experience using the FoodCycler™. Once you've finished all the surveys, the FoodCycler™ is yours to keep forever!

### FOODCYCLER OFFERS:

Reduction in food waste volume

Reduction in greenhouse gas emissions from food waste
